Civil No 12-cv-185-
JL.

Dear Ms. Clerk;

On June 5th, 2014, Mr. Ali was ordered to file before July 1, 2014, a motion to amend his petition. Mr. Ali amended his petition and added the State of N.H. Parole Board Office as the respondent in this action. And a motion to vacate his State conviction in 2008 which he was over-charged and indicted with no conviction in 2004, and that led up to his 2008, enhancement of his sentence.

Mr. Ali was moved over and over again by the Federal Government and then for his addresses changed as well. Due to that, Mr. Ali doesn't know what his case status is at this time. Mr. Ali informed the Court of agents / cir. to send a notice of address changes. I've been moved to 3 different jails. And I believe this is my final stop. Mr. Ali is awaiting this Court order on his motion to vacate his conviction and sentence of 2008. Especially the -

conviction and sentence of the Nolo contendere
plea in 2004. That was based on faulty advice
and Immigration. I'm expecting to be here for
more three months. if there is any charged
I will respond as S.A.P. if there is any
Court order please send to this address-
and will try to explain to the Court via
motion if I'm late to respond.

Respectfully Submitted,

Phil Kerner
